Mountain Gal crafts LLC is a small paper craft business located in Morgan County, TN. We specialize in handmade note cards, journals, and a variety of other paper made gifts from photos and designer paper.

The cards possess a charming simplicity while maintaining their unique style. Nature photos are transformed into stunning note cards, photo tiles, magnets, and other products. Our cards allow others to appreciate and connect with the world of nature.

Fun designer paper is turned into one-of-a-kind notecards, journals, bookmarks, and other gifts. The paper products cover a wide variety of tastes and pay great attention to detail.
